Presentation

BULGARIAN PORTS
INFRASTRUCTURE Co.

The State Enterprise "Bulgarian Port Infrastructure Co." (DPPI) is the managing body of the Bulgarian ports for public transport. DPPI:

- Provides ship traffic management services;
- Provides information services for shipping;
- Provides access to Bulgarian ports;
- Responsible for the development and modernization of Bulgarian ports;
- Responsible for the development of urban areas of ports.

In the Public Access Zone of the Port of Burgas Bulgarian Port Infrastructure Co. has built:

- Coastal Center for Traffic Management and Shipping Information Services;
- Marine Station;
- Exhibition center with marine theme Magazia 1;
- PlanetUm Children's Research Center;
- Congress center - Burgas.

ONE LOCATION
MANY IDEAS

BURGAS

Burgas – modern, yet deeply connected in traditions. Bustling with life, yet with natural serenity. Culture, art, historic heritage & recreation are an inseparable part of the city's image. With its remarkable spirit, Burgas will make you fall in love, dream, share, enjoy yourself and surely return again.

The city's strategic location puts it among the most important public economic cultural centres in Bulgaria. Burgas is host to various local and international events of different scales and formats. The city's visitors can spend their free time with a wide choice of activities.

A few years ago, the port of Burgas was transformed into a public access zone and has become one of the most visited places in the city.

The dock area offers access to:

- ▶ shore centre
- ▶ yacht club
- ▶ marine station
- ▶ hotel complex
- ▶ childrens' science centre "PlanetUm"
- ▶ the city's oldest port warehouse

"Magaziya 1" converted to a thematic Sea centre including:

- ▶ Restaurants
- ▶ Cafes
- ▶ Shops and Markets
- ▶ Voyage point to "St.Anastasiya" island
